Each delivery of goods must be supported by a Certificate of Conformity signed by a senior member of your staff responsible for quality control, stating their position or status in the Quality Control Organisation. The Certificate must state that the item has been inspected and tested to the drawing and / or specification (quoting number, manufacturing lot traceability and issue) and been found to conform in all respects to the requirements of our order. Our order number must be stated in full. If a supplier is not the OEM/OCM of the purchased parts, they are requested to supply a copy of the OEM/OCM certificate of conformance in addition to their company certificate of conformance.

- 1) Please issue an acknowledgement for this order to purchasing@EUR.SpectrumControl.com within 48 hours of receipt.
- 2) Spectrum Control terms and conditions apply to this order and may only be varied by consent in writing, from the Buyer. Acceptance of the order will expressly bind the seller to the purchaser's terms and conditions. Terms and conditions supplied with acknowledgements will not be considered a counter offer.

CONTINUITY OF SUPPLY/OBSOLESCENCE

Refer to Terms and Conditions of Purchase as referenced above

DELIVERY

You are required to deliver goods on the date agreed. Should there be any deviation it is imperative that the buyer is informed immediately; non-performance will affect your company's vendor rating.

Any deviation to the requirements of this purchase order must be agreed in writing with the buyer at the earliest convenience.

Our vendor rating system measures the delivery performance of GOODS/SERVICES SUPPLIED BY

YOUR COMPANY, based on the criteria of ALL ITEMS BEING

SUPPLIED BY OUR DELIVERY DATE WITH NO REJECTS. OUR INTERIM POLICY IS 3 DAYS EARLY,

NO DAYS LATE. This will enable both parties to achieve benefits associated with this type of program.

REACH (UK/EU) Expectation of Supplier Statement

In accordance with Registration, Evaluation, Authorisation and restriction of chemicals (REACH) EU & UK the supplier is legally required to declare any Candidate List Substances of very high concern (SVHC) in spares and whole products where present above 0.1% total weight. Any article supplied by the seller will be assumed UK & EU REACH compliant unless explicitly stated by supplier at point of acceptance of order and statement supplied with physical delivery. Enforcement through national Competent Authority for UK is HSE & can lead to prosecution, fines & penalties under authorisation of the governing bodies. The supplier should ensure that on request they can provide the information required to determine REACH compliance, now and in the future. For further information please refer to: www.hse.gov.uk/reach

UK REACH Candidate List: <https://www.hse.gov.uk/reach/candidate-list.htm>

EU REACH Candidate List: <https://echa.europa.eu/web/guest/candidate-list-table>

RoHS (UK/EU) Expectation of Supplier Statement

In accordance with Restriction of Hazardous Substances (RoHS) the supplier is legally required to evaluate production controls ensuring supplied materials do not exceed maximum prescribed levels of the substances (by weight) defined under RoHS Regulations. Any article supplied by the seller will be assumed RoHS compliant unless explicitly stated by supplier at point of acceptance of order and statement supplied with physical delivery. Exemptions under RoHS can be applied whereby product supplied is intended for specific purpose including (but not limited to) Defence of the Realm. Enforcement through national Competent Authority for UK is HSE & can lead to prosecution, fines & penalties under authorisation of the governing bodies. The supplier should ensure that on request they can provide the information required, to determine

PFAS Expectation of Supplier Statement

Per- and polyfluoroalkyl substances (PFAS), sometimes called 'forever chemicals' are governed by UK/EU REACH – please refer to Spectrum Control Limited's 'REACH (UK/EU) Expectation of Supplier Statement'.

Hexavalent Chromium Compounds (CrVI) Expectation of Supplier Statement

Hexavalent Chromium Compounds listed in Annex 14 of UK REACH are governed by both REACH & RoHS – please refer to Spectrum Control Limited's 'REACH (UK/EU) Expectation of Supplier Statement' and 'RoHS (UK/EU) Expectation of Supplier Statement'.

In the event a PCN Product Change Notification is generated for a piece part that Spectrum Control have purchased historically, please forward a copy of the relevant PCN by email to the buyer.

Please ensure all PCN s as a minimum include the Spectrum Control / Manufacturers Part Identification, Product description, details of the impending change and time frame for implementation of change including any LTB Opportunities.

International Traffic in Arms Regulations (ITAR)/Export Administration Regulations (EAR) of the US Department of Commerce

It is the Suppliers responsibility to advise Spectrum Control of any ITAR OR EXPORT CONTROL RELATING TO THIS ORDER in line with Spectrum Controls Terms and conditions of Purchase

FIRST ARTICLE INSPECTION (FAI) TO AS9102 STANDARD

An FAI to AS9102 standard shall be conducted by the seller and the documented results shall be submitted to Spectrum Control with the products when the following applies:

On product representative of the first production run of a product being supplied by the seller for the first time.

A change in manufacturing source(s), process(es), inspection method(s), location of manufacture, tooling or materials, that can potentially affect fit, form or function

FAI is required for all sub-assemblies, and detail parts that make up the configuration item/s included on the purchase order, with the following exceptions,

Procured standard catalogue hardware (standard parts)/ material and commercial off the shelf hardware are excluded.

The FAI shall consist of a complete, independent, and documented physical and functional inspection process to verify the prescribed production methods have produced an acceptable item as specified by engineering drawings, planning, purchase order, engineering specifications, and/or other applicable design documents.

An FAI is required in addition to inspection requirements elsewhere in this purchase order.

Invoice and statements only to :-
