Data Security Reports

**Data Security Reports
(Please select only one
option for all data
containing devices)**

Certificate of Recycling only, no serial number reports required -
No Charge

Agreement

**Hazardous Waste:
There are some items
that Global Electronic
Recycling cannot
accept, we identify
these items as "Non
Conforming Materials"
they are considered
hazardous waste.
Example of these items
are (but not limited
to):Chemicals, liquids,
oils, solvents,
hazardous waste,
corrosives, radiological
waste, broken CRT's,**

I agree

broken lamps, broken light bulbs, radioactive waste. A full list can be obtained from the EPA's website Defining Hazardous Waste:

Listed, Characteristic and Mixed Radiological Wastes | Hazardous Waste | US EPA Items that are shipped to GER that are categorized as hazardous or non-conforming materials will result in a non-conformity incident that will require The Company's cooperation to rectify, including but not limited to, fines, fees and corrective action. These items will also be returned to your company at your company's expense, unless it is unsafe to do so, in which case your company will be billed for the appropriate recycling by a third party qualified to process hazardous waste.

Electronics & Data: I hereby verify that the ownership of the above equipment has been transferred to Global Electronic Recycling, LLC for re-use/recycling and cannot be reclaimed or recalled. Global Electronic Recycling, LLC has communicated that any data contained in this equipment will be wiped in the event of reuse or physically destroyed (shredded) in the event of recycling and that all processes will be performed by Global

**Electronic Recycling,
LLC or an approved
downstream. I
understand that this
equipment must be
deprovisioned from
any inventory control
and MDM systems,
allowing for proper
data wiping and
sanitization.**

**Is there anything else
you need us to know
about your company or
your recycling
requirements?
(optional)**

no
